

# IEEE Systems Council

## Analytics and Risk Technical Committee Meeting

Meeting – Friday, August 14th, 16:30-17:10, Beijing

Dash Wu convened the meeting.

ARTC member attendance:

Vincenzo Piuri, James H. Lambert, Alexandre Dolgui, Pierangela Samarati, Hingkai Chan, Dash Wu.

**Today's Meeting focuses on holding IEEE Symposium on Analytics and Risk in Beijing in the future.**

- 1) Future conference for IEEE symposium
  - a) IEEE will still support for the symposium
  - b) The better time for the conference could be June or the beginning of July.
  - c) Consider to invite other societies, such as society of risk analysis
  - d) The conference location could be the hotel in Huai Rou Campus
  - e) Put photos and news on SysCon website to get credit for this conference
  
- 2) Publication issues
  - a) Invite CAS faculty into technical committee
  - b) Special issue on system risk
  - c) Announcement of call for papers on website
  - d) Setup reward for best student papers, practice papers, etc.
  - e) Setup a reward in the name of Siwei Cheng
  - f) Try to get donation from companies, universities or government

3) Broaden the influence of the conference

- a) Invite media to release news on our conference
- b) Put posters and links for conference/news on SysCon/IEEE website
